Year 1/2 Pink

Maggie, Eli and Arthur

Year 3/4

Abby, Ollie and Matt

Year 4/5

Ally, Heidi, Honor and Rowan

Year 6

Antonio, Matilda, Amelia and Oscar

Library books

It's time to look under the bed and on your bookshelves! Ms Piggini has asked that all library books be returned to the library this week. They can be returned any day – not just your library day. Any home reading books can be returned to classrooms as well. Greatly appreciated!

Telepresence Robot

There is a new student in Year 4/5! It is a telepresence robot that sits in the classroom and connects to Blair when he is out of the classroom. When Blair is at home or in hospital, he can log in to lessons remotely via his computer. He is able to move the robot within the classroom so that he can see and hear things as if he is actually there. It is very cool technology that enables Blair to keep working away and connecting with his peers even if he is not in the classroom. Thanks to T4L for allowing us to have this experience.

ICAS Assessments

Congratulations to these students who took part in the following ICAS assessments last term. These results are fantastic!

English

Merit – Hugo

Credit – Jasper, Alexandra, William O'B and Summer-Lee

Distinction – Charlie O'B and Beatrix

Mathematics

Merit – Hugo and Rowan

Credit – Seren, Alexandra, Estelle, Charlie O'B and Matilda S

Spelling Bee

Credit – Alexandra, Honor, Beatrix and Matilda S

Distinction – Charlie O'B

Science

Credit – Estelle

Distinction – Alexandra and Alexander

New Classroom

Hopefully there will be a new classroom craned in next week. We are waiting for confirmation and keeping our fingers crossed. We expect that it will be in place for the beginning of 2022 which is very exciting for our new Year 6 students.

Accelerated Adopter School – K-2 English and Maths, 2022

We have been chosen to be in a pilot curriculum implementation program for the new K-2 English and Mathematics syllabuses next year. Mrs Hunt and Ms Lane will be in the front seat for this work. They will be using new materials and resources, applying their expertise and giving feedback. We are looking forward to working with these new documents to bring our students the newest and best on offer.

One more week to go! We're Keeping Calm and Carrying On!
